

## **FOOTBALL**

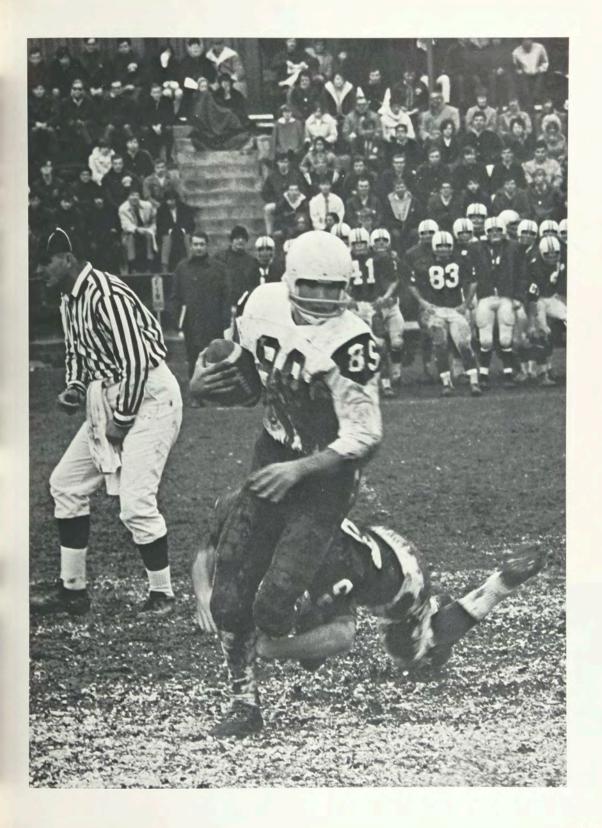

This was the year that football finally came to RIT. Organized as the Football Club, the fledging gridders played three games this fall against Niagara, Canisius and St. Bonaventure. Although they finished the season with an 0-3 record, the Tigers seemed pleased with the results.

President of the club Martin Marks said the goal, "was to get football started at RIT." And it did. The first year sport attracted much attention from both campus and city newspapers, and there were sizeable crowds at all of the games.

Next year the tentative schedule includes four more area teams in addition to the three teams played this season. The major goal, is to achieve varsity status. With more monies from the student government coming in, and a rising school spirit behind them, the Football Club should be the Football Team in a few years.
